KYOKO TACHIBANA

## History

This high school girl's appearance was like rain falling on a brand name umbrella. Like a sales lady winking and smiling to hide bad information, she takes on the role of mediator for the time traveler Fujiwara and the alien Kuyou. Her real identity is an esper that is a member of an opposing group to the "Organization." She's quite busy after trying to kidnap Mikuru and attempting to persuade Kyon.

4 years ago her power was awakened and she deduced that Sasaki was the person who gave it to her. While hunting for Sasaki, she ran into her comrades. She insists that the "Organization" is incorrect in assuming Haruhi is a god-like figure. She wishes that Haruhi's power be transferred to Sasaki for the stability of the world.

While she's formed a close friendship with Sasaki due to going to her Closed Spaces, she's at a loss at what to do with Fujiwara and Kuyou.

## SCENES PLAYBACK

"Huhum. You don't need to look at me like that." - "Dissociation" pg. 126 (JP)/70 (FAN)

Kyouko Tachibana and Kyon's first meeting was the incident where Mikuru was kidnapped. As the only woman of the kidnapping group, she acted like the leader at that time. Being able to remain calm while Sonou Mori was driving her back with that smile, she appears again in front of Kyon with a calm, refreshing smile. Furthermore, she's here to try to win him over. This shameless action is much like Koizumi would do. Is this how she usually acts?
